What is PyroGuard?

PyroGuard is a special collection of bed face fabrics equipped with Fire Retardant (FR) technology. While enhancing fire safety, it provides you with a comfortable sleeping experience without compromising on comfort.

Features

- **Fire Retardant Technology:** PyroGuard fabrics reduce the rate of combustion upon contact with flames and assist in self-extinguishing. This adds an extra layer of safety to your bedroom.
- **Superior Quality:** PyroGuard fabrics are crafted using high-quality materials, making them durable and suitable for long-lasting use. They maintain their appearance, looking as good as new over time.
- **Comfort-Centric Design:** Beyond fire safety, PyroGuard fabrics ensure a comfortable sleep experience with their soft texture while maintaining security through the Fire Retardant feature.

Advantages

- **Fire Safety:** PyroGuard fabrics lower the rate of combustion in case of fire or flame exposure, ensuring a safer sleeping experience. They have successfully passed tests for BS 5852 1/2, EN 597 1/2, and Crib 5 quality standards.
- **Aesthetic Designs:** With various color and pattern options, PyroGuard fabrics add a touch of modernity and elegance to your bedroom.
- **Longevity:** Thanks to their superior quality, PyroGuard fabrics preserve their durability and elegant appearance over the years.

Performance And Safety

PyroGuard bed face fabrics have been tested and achieved successful results for BS 5852 1/2, EN 597 1/2, and Crib 5 quality standards. This exceptional performance ensures your peace of mind and safety during sleep.

Discover PyroGuard for a Safer and More Comfortable Sleep

Combining fire safety with comfort, PyroGuard bed face fabrics unite functionality with aesthetics, enhancing the look of your bedroom. The synergy between aesthetics and functionality is perfected with PyroGuard.
